

VULCAN ADVOCATE

VOL. V, NO. 42

VULCAN ADVOCATE, MAY 15, 1918.

PRICE \$1.50 PER YEAR

ENSIGN RED CROSS NEWS

On Monday, May 6th, the occasion of Mr. C. E. Dovey's auction sale, the Ensign Red Cross Society held a very successful tag day. The Misses Christine Parker, Azelia Parker, Mary Parker and Warda Larson were responsible for the sale of \$73 worth of tags. The Society wishes to thank those who contributed so generously to the cause. Praise is also due to the young ladies who worked so hard all day.

The following articles were shipped by the Society for the month of April: 20 day shirts, 36 pillow slips, 33 T bandages, 30 cotton binders, 50 flannel binders, 46 personal property bags, 15 many tailed bandages, 10 bed pan covers, 18 prs. socks and 3 amputation socks.

One life membership of \$25 has been acquired by the Society.

A Red Cross tea was held in the Ensign school on Saturday last, the hostess being Mesdames P. McIntyre D. McIntyre, S. Tucker and W. Churchill. They were assisted by the Misses Williams, E. McFadden and Margaret McMaster. Socially and financially the affair was a success, \$21.35 being raised. A new game "Rabbit" was played during the social time, and everyone wishing particulars of it may obtain them from Mrs. McMaster.

Another tea and social will be held on May 25th, the ladies who will enter take being the Misses J. Williams, M. Williams, Mrs. Jackson and Mrs. Parker.

Mr. and Mrs. D. C. McIntyre and Mrs. P. McIntyre of Ensign motored to Nanton on Sunday. They brought back with them Mrs. McIntyre, their mother of Athena, Ore., who has been visiting Mrs. F. Taylor of Nanton.

KIRKCALDY ORGANIZES RED CROSS SOCIETY

On February 18th a branch of the Red Cross Society was organized at Kirkcaldy, with nineteen members. Already the sum of \$220.00 has been raised by fees, voluntary donations and a social.

On April 14th the following articles were shipped: 41 amputation dressing covers, 108 cotton binders, 7 surgical shirts, 4 aprons, 18 socks, making a total of 178 articles.

Membership and help are solicited from all ladies in the district. The Society meets every Wednesday afternoon at the homes of the different members.

June 3rd, the King's birthday, has been set aside as a day for a special Red Cross drive in Kirkcaldy. Remember to come to Kirkcaldy on that date. Arrangements are being made for a social entertainment. Further announcement will be made at a later date. Watch for June 3rd.

REID HILL RED CROSS SOCIETY IS FORMED

On Thursday, May 2nd twenty-seven of the Reid Hill residents met at the J. W. Chappell home and formed a branch of the Red Cross Society.

The officers elected were: chairman Mrs. J. W. Chappell; 1st vice-president, Mrs. Edward Arme; 2nd vice-president, Mrs. Hemingway; sec-treas., Miss Bertha Smith; committee, Mesdames Jack Marshall, Gordon McKay, Percy Myers, Cane and Perry Viles.

The next meeting will be held at the home of Mrs. Warner at two o'clock on Thursday of this week. A cordial invitation is extended to all the ladies of the district to be present at this meeting.

A barn dance in aid of the Red Cross will be given in Porter Noyes' barn on Friday, May 17th. Good music will be provided, and everybody will be made welcome.

Not that we mind particularly, but have you noticed the rate at which some cars enter the town these days?

Mr. C. C. Rebbe is holding a general auction at the Alberta Livery barn on Saturday next.

Sale commences at 2:30. There will be offered for sale stock, harness, and implements as well as a number of household goods. The terms of the sale are cash. Mr. C. B. Shimp is the clerk and any particulars regarding the sale can be had from him.

The British Army-Political Crisis

Major General P. B. Maurice, former Chief Director of Military operations, who gives the lie to British Ministers. Rt. Hon. H. H. Asquith, former Prime Minister of the United Kingdom and Ireland.

VULCAN CHAUTAUQUA DATES ARE NOW FIXED

Big Attraction Here Aug. 9-16. Splendid Program Is All Arranged For

Word has been received that the Chautauqua will be in Vulcan on August 9, 10, 12, 13, 14 and 15. A programme has been arranged which brings to Vulcan the best possible talent, among them being:

J. H. Balmer, the noted English traveller, and his wonderful choir of "Singing Kaffir Boys" from darkest Africa; the inimitable Julius Caesar Nayphe in a new costume lecture; Dr. Y. Minakuchi, the celebrated Japanese educator, the ladies symphony orchestra of ten talented young ladies, featuring Miss Ethel Lee-Buxton, the well known soprano; Anna Therese Devault, a dramatic reader without a superior; Dr. Salem G. Bland, of Winnipeg, a brilliant Canadian; J.C. Herberman, that powerful fighter, with a new lecture; Sergt. Arthur Gibbons, Toronto, one of Canada's heroes, and other first class lecturers and eminent musicians. There will also be the concluding day set apart for the kiddies, which is a "Mother Goose Pageant."

Chautauqua, ever educational and entertaining is this year more than ever, patriotic and inspiring. It recognizes the opportunity for service and the 1918 programme is built with that end constantly in view. Last year the Chautauqua in Vulcan was an unqualified success. This year it is sure to be better attended and more largely appreciated.

BANKING HOURS TO BE ALTERED

Attention is drawn to the change in the hours during which banks in Canada will be opened commencing June 1st. On and from that date until further notice they will open at half past nine instead of ten in the morning, and close at half past two instead of three o'clock. The hours on Saturday will be from half past nine till twelve o'clock.

This change in business hours is necessitated by the number of men from the various staffs being called up under the Military Service Act.

TAGS RAISE 165.75

Tag day on Saturday in aid of the Red Cross realized the sum of \$165.75, and the young ladies responsible for this very satisfactory result are the Misses Davis, Howson and Stack. The local committee wish to acknowledge the services of the taggers and thank them for raising the money.

LOCAL ITEMS

Mr. George Buck and Mr. A. J. Flood were visitors to Strathmore this week. They were representatives of the village council and Auto club, enquiring into the matter of road work.

Mrs. J. T. Oliver and little daughter arrived in town on Saturday from Calgary on a visit to Mr. and Mrs. J. A. Lindsay.

Mrs. Howson returned from High River on Saturday.

Mrs. Roberts of High River, visited her sister, Mrs. Buck, for the week end.

Mr. and Mrs. W. F. Jennejohn and Mrs. C. S. Hall motored to Nanton and Cayley on Sunday.

Mr. C. L. Stewart returned from Calgary last Thursday.

Mrs. C. E. Henry was in Banff the early part of the week.

Mr. A. G. Dickinson motored to Calgary on Monday.

Mr. G. L. Ecker motored to Calgary on Friday, returning the next day with Mrs. Ecker, who has been visiting friends in the city.

Mr. Edwin J. Hume, one of our popular young farmers, left on Monday night for the United States, where he will enlist. His farm stock and implements will be offered by auction on Thursday, May 23rd. Mr. C. C. Rebbe is the auctioneer and Mr. C. B. Shimp the clerk. The list of stock and implements which will be offered for sale is a good one and will repay looking up in another part of this issue.

M. F. White who was with the Bank of Commerce here, but who recently joined the colors, was a visitor in Vulcan for the weekend, returning to Calgary on Monday night. He has been transferred to the Flying Corps and expects to go down east for training this week.

Mrs. Del Smith who has been ill for some time, left on Monday night for Rochester, accompanied by her husband.

Mr. Edgar Kehr returned from Calgary on Saturday. He is quite recovered from the operation for appendicitis which he underwent there.

Mr. Samuel E. Taylor, who was in Vulcan some time ago, is now in the United States on the staff of the U.S. Shipping board. It will be remembered that Mr. Taylor enlisted with the Canadian forces some time ago, and met with an accident at the coast. Now he has gone to the States and has joined up in war work down there.

Whatever it has meant elsewhere the Military Service Act has meant conscription in Alberta.

REID HILL NEWS

Mr. Cecil Smith has moved into his new house. Now for a cook, Cecil.

Mr. Carl Brady is busy writing out insurance in this neighborhood.

The basement is being made for the Baptist church at Reid Hill. We understand the contract for the building has been let.

A barn dance will be given in Porter Noyes' new barn on Friday evening, May 17, in aid of the Red Cross.

Seeding is all done here and most of the grain is up and growing finely.

Some of the people are very anxious to know how much flour a family is allowed to have when they are 15 to 20 miles from town. They do not like the idea of paying a dollar for gas every week to go after five pounds of flour. Tell us about this please.

(Editor's Note)—In regard to the above question the nearest known is that there is an allowance of fifty pounds per head of every family allowed to be kept in the household. The provincial food controller has received no definite information and this therefore is not authoritative. Nothing has been stated in regard to the distance between the consumer and the store.

People are breaking for next year's crop in spite of the Germans.

Mr. James Marshall spent the week end in Calgary on business.

RED-CROSS DANCE MAY 24th

The local branch of the Red Cross Society are holding a dance on Friday evening, May 24th, at the I.O.O. F. hall, the proceeds in aid of the funds of the Society. The members of the Rebekah lodge have kindly consented to see to the supper arrangements for the evening, and anyone familiar with the manner in which they can cater will not miss being present. The music will be supplied by Klebe's five-piece orchestra. A feature of the music will be the first appearance in this district of Miss Beaubier, of California, who is an artiste on the saxophone. Miss Beaubier will render solos during the evening. This will be one of the best dances this season, and lovers of the light fantastic cannot afford to miss it.

Died—On Tuesday, May 14th, 1918 at the home of her parents, Eva, the infant daughter of Mr. and Mrs. Martin Hoffman. The funeral took place this morning at the I. O. O. F. hall at ten o'clock, the Rev. Fr. W. C. Smith officiating. Interment took place at the Vulcan cemetery, under the direction of G. L. Jacques, funeral undertaker.

Mr. Harold Myers went to Calgary to join up with the colors on Tuesday. In all there are about twenty six boys from this district who come under the new Military Service order.

SOLDIERS OF THE SOIL MOVEMENT STARTED

Local Committee Formed To Supervise Labor Of Boys On The Farms

On Monday of this week a meeting was held to organize a committee for the local branch of the Soldiers of the Soil. A number of the businessmen of the town were present.

Lloyd George, Baron Rhonda, Herbert Hoover and all others who have made a careful analysis of the condition of the world's food supply have impressed upon the public the fact that we are facing an unparalleled crisis. Indeed, they go so far as to say that unless there is a decided impetus given to production in America we face world famine within three years. This is due to the fact that the land in Europe is running out owing to the impossibility of securing adequate fertilization and therefore though larger acreage than ever before is under cultivation there, the production is rapidly on the decline. Hence we in Canada and the United States are compelled to adopt unusual measures to meet the abnormal conditions and supply the needs of the world.

One of these methods is that sponsored by the Canada Food Board—the S.O.S. movement, the purpose of which is to place the boys on the land. It has been asserted that whereas the boyhood of all European countries has degenerated to a serious extent since the outbreak of the war, in Canada there has been a steady improvement in the moral and physical standard of our boys due in a large degree to the Canadian Standard of Efficiency Test work amongst them. It is now proposed by the Food Board to utilize that splendid asset of our country to help save the Empire, but under such adequate control and supervision as not to undo in any measure the splendid results already achieved. Indeed the work outlined by the board should be considered the "service training" of the C.S.E.T. course of training. Properly guided the movement is fraught with great benefits to the boys and to the nation, not for the present alone, but more especially for the coming years.

The plan is to enlist the services of all boys from 15 to 19 years of age through an appeal to the very highest service and patriotic ideals for farm work during the summer months. The movement is Dominion wide and it is confidently expected that at least 25,000 boys will be enrolled. The appeal has already been made in most of the schools and churches of Alberta and a generous response has resulted. The boys are showing that they are made of the same stuff as their older brothers and fathers who have enlisted for service overseas. Many of the boys have already found employment, some on their fathers' farms, who have not signed up on the enrolment forms provided. It is urgently requested that every boy who serves will by enrolment link up with this great army of boys. They will thus receive encouragement themselves through the feeling of being associated with a host of others in the great work of production and also be presented with a badge of honor which the government will provide for every boy who presents a certificate from his employer (whether his father or another man) that he has served three months on the land. Boys of 13 and 14 years of age will also receive these badges by presenting similar certificates.

The boys and parents are assured that their welfare (moral or physical) will be carefully safeguarded through a thoroughly organized, efficient and systematic supervision by men in full sympathy with boys. Care will also be taken in placing them to make sure that the surroundings are wholesome and the conditions and hours of work satisfactory.

Local supervisory committees are being organized in all the towns and villages of Alberta the members of which will take a personal interest in all boys working in their districts. Any boy desiring further information may secure it from any member of these committees and is urged to act at once. Farmers also who want to advance this patriotic and far-reaching movement by employing boys this summer should apply to them for directions and forms of applications without delay in order to

WOULD FORM BOYS AND GIRLS PIG RAISING CLUB

Mr. M. L. Gordon, manager of the Canadian Bank of Commerce here, is endeavouring to effect the organization of a Boys and Girls Pig Club, and with this end in view he has arranged that Mr. Elliott, principal of the School of Agriculture, Olds, will be here on Friday the 17th.

The boys and girls club movement is very strong in the United States and has also reached large proportions in Manitoba. In Alberta several clubs were formed last year, the results of which were excellent.

The movement has the support of the provincial government, and Mr. Elliott has devoted a considerable amount of his time in connection with the work.

He will be at the organization meeting which will be in the rooms over the bank of Commerce at 2 o'clock on Friday to explain the objects of the club. Boys and girls of from 12 to 16 years of age are eligible for membership, and it is hoped that as many children as possible will be enrolled. Parents of eligible children are particularly requested to attend the meeting as well as others who are interested in the movement.

If a club is satisfactorily organized a competition will be held later in the season, and suitable prizes awarded.

The competition would probably be held in conjunction with the Agricultural Fair on Saturday, August 3rd.

MARRIED vs. SINGLE BALL GAME FRIDAY

Kid Spooner, who made such a league showing in the recent classy ball game when the fats beat the alms, has rustled up a team of married men who will play the single fellows at ball on Friday evening at seven o'clock.

As to the exact lineup nothing can be gained, as the managers of both teams seem to be keeping their prospects in the dark with a view to coming out strong in the game itself. The game, however, will be played with the verve and eclat usual to these affairs, and those who go to watch it are asking to remember that the nimble quarter they pay will go toward the Red Cross funds.

ALSTON DISTRICT HAS FORMED RED CROSS

Quite a large number of ladies of the Alston and Boyne districts gathered at the home of Mrs. D. H. Galbraith today to form a branch of the Red Cross Society. A committee composed of Mrs. Grant Malloy and Mrs. Galbraith was appointed to procure a charter and to proceed with the organization in detail. Some 14 members were enrolled at once as actual members, and two life memberships are in hand.

The ladies planned for a picnic on Monday, June 3rd at the home of Mrs. Meecham, from 2 to 7 p. m. It will be followed by a dance at the Alston school house at which an admission will be charged, proceeds to go to the Red Cross funds.

This Society has got away to a good start and we hope to see it one of the most flourishing of the country points.

Born—To Mr. and Mrs. Mark McDonald, Armada, on Monday, May 13th, a son.

Born—To Mr. and Mrs. G. H. McBride of Eastway, on Monday, May 13th, a daughter.

ensure having a boy or boys assigned to them before the supply is exhausted. The most sympathetic co-operation is assured from any of these men who desire only to assist the Empire in this hour of need.

The following committees have been appointed in this district:

Ensign—Robert Adams, chairman; Norman Young, secretary; A. M. Myers.

Vulcan—Dr. R. K. B. Knowles, chairman; M. L. Gordon, secretary; E. M. Clarke, R. W. Glover, G. M. Whicher, A. Mitchell.

THE SUCCESS OF THE FAIR RESTS WITH THE FARMERS

The committees in charge of the programme for the Agricultural Fair are at work and the result of their labours will soon be issued in the form of the prize list.

The Agricultural Fair is one of the anomalies of the district. Although it is in intent purely agricultural, claiming the attention and support of the greater part of our community, it is the one thing that heretofore has fallen down. Financially deserving of support, its coffers are invariably empty; in great need of a boost, it is passed over as of little or no account, unsung if not dishonoured, and the directors annually carry a burden of worry and trouble for which they do not even receive thanks.

Now just where does the fault lie, is it with the directorate or is it with the very people who ought to be first in the matter of support? As there have been various boards of management all equally striving but equally unsuccessful, the blame for the shortcoming lies with those who ought to support it, the farmers in whose interests the affair is maintained. And that being the case beyond question, all points considered, let us put in a plea for more wholehearted and genuine support. If we are going to have an annual Fair let it be a real Fair and not a makeshift. An improvement in every respect ought to be noticeable each year, but in order that this shall be there must be greater interest taken in it, otherwise we are better off without a Fair at all.

Let this year's Fair be worth while. Support it, don't expect the other fellow to do it.

THE POSSIBILITIES OF ALL DAY ELECTRIC SERVICE

We have before drawn attention to the possibilities awaiting an all day electric service in town, but as to whether the matter has received any serious attention is uncertain. At this time of the year with the hot weather coming upon us we would like to put in another plea for consideration of this matter. There is the possibility, that, all things considered, it would not be feasible; it would then be in

order to let the matter drop. But as we see things it appears that an all-day service would be a paying proposition, not only for the owners of the plant, but also for the coal and gasoline consumers of the town.

It requires only a moment's reckoning up of the gasoline power used in town to see that in business premises alone such a change would be welcome. Furthermore, there are all the houses where all day electric current during the summer would be nothing short of a boon.

With this in view it would doubtless be advisable for the supply company to make enquiries as to the probable consumption that would be used, and see whether the idea was feasible. From comment which we have heard on the matter we believe that the venture that the venture would be a decided success.

THE "GO TO CHURCH" CELEBRATION IDEA

May 26th has been set apart as U. F. A. Sunday, and suggestions as to how to commemorate the event are not wanting. Naturally, the general idea of celebration is "Go to Church," probably because as a general rule there is nothing else to do on a Sunday, but go to Church. The law does not allow one to work on the Sabbath and the only other alternative, that of mooning around, does not suggest itself. "Go to Church" it must be.

But why keep the Church apart as an institution to be visited only on occasions of commemoration? For a whole year, more or less, the average man keeps away from it, never assuming that it is part of the civilization of which he is a member. It never seems to enter his head that Sunday after Sunday, year in year out, some hard working and often despondent minister is delivering sermons to slim congregations. But let a centenary or a commemoration come round and off he goes to Church with the rest of his fellows, subscribes his nimble quarter, goes home feeling very virtuous and the Church never sees him again until some like occasion in the future. And yet he feels that by his presence one naturally, he has done his share.

Perhaps it is just as well that men are sometimes jolted into a sense of duty if it is only once a year, but it would be much more to the point of the average man's professions if he went to Church so regularly as to have to stay at home once a year in order to commemorate any certain event. That is, if he believes in Church if he does not believe in it, why does he go at all, even to commemorations?

The tax rate in Calgary has been boosted up to 42 mills. The mills of the city grind slowly, but they grind exceedingly tall.

Retired farmers are numerous in Canada. They can perform a national service by selling their experience and assistance to farmers in order to relieve the farm labour shortage.

THE LICHNOWSKY DISCLOSURE

The disclosures recently given to the world by Prince Lichnowsky, German ambassador to Great Britain prior to the war, may yet prove the greatest lever in displacing the opinion of the German people from its present hold. It is early to form any precise opinion thereon as yet as the disclosures have had more publicity in Allied and neutral countries than in Germany, but when their full purport becomes known among the subjects of the Kaiser there is bound to be a great reaction against the party responsible for the war.

Heretofore German public opinion has been fed on the fiction that England was responsible for the war, and that Sir Edward Grey, the foreign minister in 1914, so managed affairs as to make England's participation inevitable, with that participation aimed directly at the annihilation of Germany. And yet this paragraph appears in the disclosures:

"I am by no means willing to adopt the opinion, which is at present widely held in Germany, that England laid all the mines which caused the war; on the contrary, I believe in Sir Edward Grey's love of peace and in his serious wish to reach an agreement from us."

Thus Germany's lie is revealed by one of her own leading men. If the disclosures revealed nothing else, and they contain a very sordid story of German intrigue and duplicity—this sentence washes England's hands of all ulterior intent in the war. Against Sir Edward Grey's sincere and utmost endeavours to stem the tide of war, the Kaiser and his party were working to fulfil their inflated ambition of "Germany over all." From the moment that the German Junker party got hold of the idea of a big war in 1914 rather than waiting until 1916, the time arranged upon, Sir Edward Grey's pacific intentions became worse than futile; they were swept away before the tide of Teutonic ambition. From this point it was not hard to lead the German people to believe that England started the war, but now with the real truth displayed in Lichnowsky's disclosures, what is the way of escape for the Kaiser and his party. Add to this the failure of the recent drive, which, says the "Frankfurter Zeitung," "may be considered as frustrated," and the inevitable conclusion is that the German people will demand an explanation from their rulers. A German victory might have averted this humiliation; a German defeat means a double reckoning.

A young British soldier writing from Bethlehem to friends in London tells thus of a great honor done him:

"I am on guard at present, and it is a great honor. I can tell you that I am guarding the birthplace and manger of our Lord. It is a wonderful place, and I never thought when I read about it that one day I should guard it. The birthplace is marked by a 14-pointed star, presented by the French government. The stable is hung with lamps from all different countries, and they look beautiful, and I might add; they are always a light. The manger itself is cut in natural rock, but marble has been put in to keep it in good state of preservation."

The appeal for Red Cross workers is always on. Are you a worker?

And now the British navy has bottled up the German submarine base of Ostend. Another joy out of the life of the Kaiser.

Many millions are said to be needed for the further development of the C.N.R. Well, it is the people's railway now, that is one good thing.

Sir Joseph Flavelle was raked over the coals in the house of commons a few days ago. How soon we forget our troubles if we are not constantly reminded of them.

Lloyd George won out again on the Maurice affair. The point, however, is whether England would rather bear the political ill she has than fly to others that she knows not of.

The senate has lately been discussing the question of divorce in Canada. What a number of people would like to see is a divorce between the senate and Canada.

The report comes through that Hindenburg is dead. As to whether he is or not is a moot point, but his cause is pretty well in the advanced stage.

Food control in this country is largely a matter of conscience. The man who cares conserves, the man who doesn't, wastes. Which are you?

A soldier at Camp Dodge, Iowa, who refused to be vaccinated was court-martialed and sentenced to fifteen years. He ought to be over the vaccination by that time.

MUST STOCK UP

COAL AT ONCE

Domestic coal supplied by the coal fields of Alberta will be increased fifty cents a ton June 1st, and a drastic shortage or famine of coal will be unavoidable in Saskatchewan during the coming winter unless the people of the province stock at least fifty per cent of their normal requirements for winter before September 30, stated T. M. Molloy, provincial fuel administrator upon his return from an inspection trip of the Alberta mines.

BEAT HIM TO IT

An official of the Board of Health in a Massachusetts town notified a citizen that his license to keep a cow on his premises had expired. In reply to this letter the official received the following communication.

"Monsieur Bord of Helt.—I just get your notice that my license to keep my cow has expired. I wish to inform you, M'sieur Bord of Helt, that my cow she beat you to it—she expired three weeks ago. Much oblige. Yours with respect.

VICTORY LOAN COMMISSIONS BY PROVINCES

A return tabled by A. K. MacLean in parliament this morning gives the amounts as paid as remuneration in various provinces in connection with the Victory Loan. They are as follows:

Ontario \$430,915; Quebec \$188,570; New Brunswick \$16,500; Nova Scotia \$35,050; Prince Edward Island \$3,000;

Manitoba \$43,250; Saskatchewan \$35,500; Alberta \$20,000; British Columbia \$6,500.

Russia is protesting to Germany against the latter annexing so much of her territory. It is hard on Russia, but to the world an example of what a German peace without annexations means.

Coal Cheaper

Get Behind the Wheel of a Ford and Drive

TRY it just once! Ask your friend to let you "pilot" his car on an open stretch. You'll like it, and will be surprised how easily the Ford is handled and driven.

If you have never felt the thrill of driving your own car, there is something good in store for you. It is vastly different from just riding—being a passenger. And especially so if you drive a Ford.

Young boys, girls, women and even grandfathers—thousands of them—are driving Ford cars and enjoying it. A Ford stops and starts in traffic with exceptional ease and smoothness, while on country roads and hills its strength and power show to advantage.

Buy a Ford and you will want to be behind "the wheel" constantly.

CHAMPION GOING AHEAD FAST

Town Now Has Park Site--
Cemetery Site and
Hospital

Three very important advance steps have been made during the past week; First, a public park. Through the tactful and persistent efforts of our energetic town secretary, George Edwards, the C.P.R. has very kindly donated a whole block of land to the town, to be used for park purposes. This land is centrally located on Mountain street just opposite the consolidated school. Mr. Frank Smith has offered to plough and disc it, after which the council will fence the property and plant trees and flowers in due time.

Secondly a public cemetery. Several days ago the town secretary was authorized by the town council to make a trip to Calgary for the purpose of interviewing the C.P.R. superintendent of townships and explain to him the whole situation. The result of this was the acceptance of the proposition of the C.P.R. by the council for a new site to cost \$75 per acre with an additional charge of \$50 for survey. Mr. Bradley, the C.P.R. surveyor, arrived on the scene on Thursday last week and has surveyed a three-acre plot, one acre being subdivided into blocks 16 x 20. The council will make arrangements to have the property fenced and fully completed in the near future.

Third, a private hospital and nursing home. This building is situated on Vulcan street, and when completed will have eight rooms, a large hall, and verandah facing the south. Mrs. Guyton, our local trained nurse, will be in charge. This will certainly fill a great need in Champion.

School Meeting

A meeting of the trustees of the Champion consolidated school was held recently. The principal item of business was in regard to building additional rooms to the present building. A plan was submitted by Mr. Whittington of Lethbridge. Mr. Whittington was engaged to prepare plans for two additional rooms, 24 x 30, and submitted same to the department. Tenders will be called for as soon as possible, after which the ratepayers will go to the ratepayers for debentures of \$10,000, and will have plans on view for the approval of the ratepayers.

Red Cross Notes

Remember the big Red Cross day in Champion, May 24th. Two baseball games, Champion vs. Vulcan, a southern Alberta league game, and Champion juniors vs. Carmanay juniors. A Red Cross rummage sale, wrestling exhibition, and a dance in the evening under the auspices of the Womens Institute. Supper will be served in the church between five and seven p. m.

The Champion Red Cross Society has assumed the responsibility of supporting two prisoners of war in Germany, which means that \$15 a month must be raised for the purpose. In order that the general fund may not be affected the Society will be pleased to place a Self-Sacrifice envelope in every home throughout the district. Monies from these envelopes will be collected at the end of each month and handed to the secretary or president, and it will then be given over to the Prisoners-of-War fund. Those wishing to secure envelopes will please apply to Mrs. J. F. Harper, president. The following have already taken envelopes: Mrs. Bond, Gladys, Pike, Helen Mercer, Stanley Durkee, Edna Gill Harold Mercer, Isabel Laidlaw, Mrs. Manhardt, Nettie Lobban, Francis Rawson, Lillian Porter, Fay Dalton, Emma Johnson, Genevieve Harper, Roy Haddon, Bessie Brown and Tom Warren.

On Friday afternoon last at the regular sewing session the following ladies were in active service: Mrs. G. Orr, Mrs. Chamberlain, Mrs. Haddon, Mrs. Hardisty, Mrs. Andrews, Mrs. J. J. Adams, Miss Brown, Mrs. J. F. Harper, Mrs. Unzicker, Mrs. Mills, Mrs. A. S. Roberts, Mrs. V. Adams, Mrs. Sutton, Mrs. Johnson, Mrs. M. Moffatt. The following, who were not able to attend, reported sewing at home: Mrs. T. Gill, Mrs. Manhardt, and Mrs. McGregor. New members Wm. E. Anderson and Miss Unzicker. Monies taken during the week: 4.50 for membership pins. Thursday evening at eight o'clock, girls sewing meeting; Friday afternoon the regular sewing meeting at the Church.

Mrs. H. Meyer is a visitor to Calgary this week, attending the annual luncheon of the American club.

The proprietor of the Champion Meat Market shipped two carloads of hogs last week.

Campbell's Limited, Chester Hynd-

man's barber shop, and H. M. Durkee have had some fancy decorating done to their business premises. It would add to the business section if others would do likewise.

Champion is growing. Another block adjoining the N. E. corner of Ensign street and Alberta Avenue has been surveyed into lots of 50 x 100.

Mr. Dan Ulrich is putting up a substantial building, 12 x 24, on Mountain street. Part of it will serve as a show room, repair shop and office. Part of the upstairs will be fitted up into rooms and the remainder as a store room.

Mr. Livingstone, of the Bank of Hamilton, has been transferred to Nanton.

The Rev. Gordon of High River, was a visitor at the parsonage last week.

HEARNLEIGH NEWS

Mr. W. Haughton was a recent visitor to the town of Brant.

Mr. W. G. B. Kilroe, the Nanton photographer, was a visitor to Hearnleigh last week.

Mr. J. Richardson is painting his house, and building verandahs, making the rest of his appeal like nobodies in particular, whether the editor believes it or not.

Mr. and Mrs. Jim Stein visited Mr. Hearn at Vulcan last week.

The store at Eastway is making such rapid progress that it will probably be complete and ready for business by the end of the year.

Mr. Wm. Hopkins has invested in another little Henry. Bellie is determined to speed some more.

Miss Eva Leahy and Mrs. Tom Blair motored to Champion on Monday last.

The culvert about half a mile west of the Mayview school is a regular deathtrap. This is a note of warning to autoists and others travelling after dark.

BUTTER FOR THE ALLIES

In Toronto, in 1916, 766,329 pounds of butter fat were sold and consumed as cream. In addition, 778,479 pounds of butter fat were made up in the form of ice cream, or a total of 1,544,808 pounds of butter fat utilized in these ways.

If all cities in Canada used the same amount of cream and ice cream as Toronto does, it would amount, at the very least, to 9,620,000 pounds of butter if converted into that material.

Since the allies need butter fat why not give them 9½ million pounds of butter, which we can easily do without? It isn't much of a sacrifice for and of us to do without cream in our coffee, or an occasional ice cream soda and we will be glad to make it. Of course, it will dislocate trade to some extent, but war has dislocated most businesses, and this is one that the nation can easily make recompense for in deserving cases.

We venture to say that every producer and consumer would gladly contribute their quota of the 9½ million pounds of butter, or make the necessary sacrifice to enable it to be made. In no other way can 9½ million pounds of animal fat be so simply and easily diverted to the Allies without interfering with our own food supply.

IF WE WERE IN PRUSSIA

Six Berlin workmen were arrested for going on strike because of insufficient food and intolerable factory conditions. They were tried and convicted without being permitted to put in a defence. Next day they were shot.

Such methods maintain order and keep down discontent in Germany and enable the government to carry on the war without interruption or hindrance. Imagine how such methods would be received in Canada.

MEN OF 19 MUST

REGISTER BY JUNE 1

Major-General E. W. Wilson, G.O.C., recently received telegraphic instructions from headquarters at Ottawa as follows:

"Men of 19 and those who attained the age of 20 years on or since October 13 last, will be ordered by proclamation to register on or before June 1. Up to that date, such men may be treated regarding enrollment as volunteers."

Fires occur in Canada in the ratio of one to every 600 people, and in Europe in the ratio of one to every 3,000 people.

Player Piano For Sale

Exceptionally fine Goulay Angelus Player Piano and Stool, and a number of Records for sale. This is an unusually fine instrument and would cost at least \$1,000.00 to-day; has been used very little and is in excellent condition. On account of removal owner will sell for \$700.00.

This is a splendid opportunity to secure a really high class instrument at a bargain.

NEW SOLDIERS' MAGAZINE

The latest publication to come into the field is a weekly magazine entitled "The Western Veteran" which as its name implies, is intended to serve particularly the interests of returned soldiers, and their dependents. It is a bright, well edited publication and is being well received and highly complimented on its neat appearance and the high standard of its leading articles. Attention is drawn to advertisement in another column of this issue.

BLACKIE EGG CIRCLE

One of the numerous egg circles under government supervision, was organized at Blackie last spring and had a most successful initial year. During the few weeks preceding February 1st the value of poultry products shipped averaged \$200 weekly and the total value of the past season's business is approximately \$7,000.

The Ensign, Red Cross, and Richmond Hill congregations are to be congratulated upon securing the services of so promising a minister as Mr. H. A. Boyd. He is a recent graduate of the Robertson College. Along with many of the students Mr. Boyd offered his services to the army, and had planned on enlisting in a University Tank battalion, but the medical examination classed him as E. Tuesday a week ago Mr. Boyd was ordained at the Presbytery meeting at Stavelly. Rev. McReid presided at the ordination service.

The pupils of the Clareholm school are making a practical experiment in thrift. Banks have been opened in the different rooms and pennies that once went for candies are now deposited to swell the growing accounts. The children are taught how to handle their bank accounts and they are very proud of what these accounts represent.

The four Western Ministers of Education in conference at Calgary, have decided on an eight month's Normal course, beginning 1919. This course is open to students passing grade XI. This uniform standard will help reciprocity of certificates in Western provinces. As far as is uniform text books will also be used in the four provinces.

The Province of Alberta has the right to expect a most strenuous enforcement of all law from the Provincial Police Commission. The Government has recently authorized the expenditure of \$341,000 for the coming year. The R.N.W.M.P. cost the province \$75,000 annually and they did all of the police work except in the cities and the enforcement of The Liquor Act. This enormous sum placed in the hands of the Police Commission should enable them to give the most effective law enforcement of any province in the Dominion of Canada.

Several prosecutions have already taken place in this part of the country under the order-in-council prohibiting idleness on the part of able-bodied men. The term "idle" must be interpreted in no narrow sense. It is not sufficient to run in pool-room loafers. The other day an afternoon dance at a Vancouver hotel was visited and a large number of young fellows gathered in, who apparently had no idea that the order-in-council would apply to them. Colonel Grasset, the Toronto chief of police, has issued this warning, which should be issued every where to all males between 16 and 60:

We have already received the names of a number of people of means who have no useful occupation, and unless they obtain employment at once they will be prosecuted. No one between those ages can live on their means. Some people have no more useful occupation than riding around in a motor car. Well, this is going to stop.

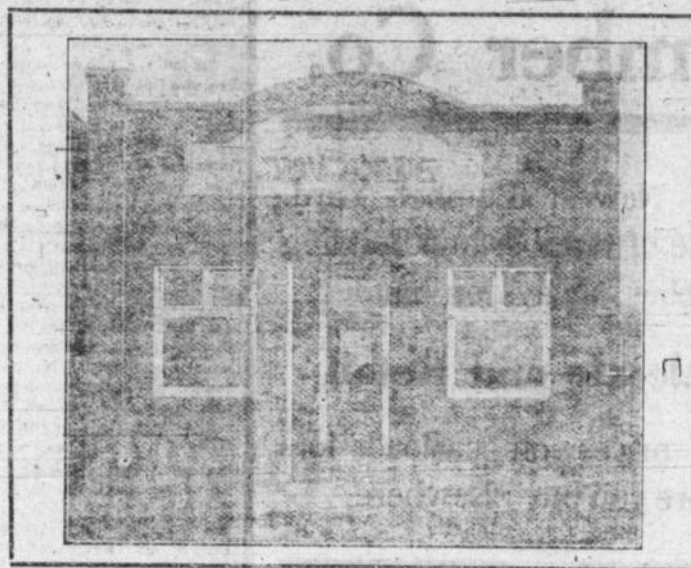

Shown at Buck & Howson

In the protest against taking men from the farms for war service, Mr. Spinney, M.P., of Yarmouth, N. S. advocated closing down or reducing non-essential industries. The list of non-essential industries where employment might be reduced included picture frames 100 p. c., show cases 100 p. c., bottles 25 p. c., carpets 50 p. c., milliners 25 p. c., fancy shoes 100 p. c.

Can You Value Printing?

It sounds a simple question, but how many men of your acquaintance treat the printed matter end of their business as anything more than a casual adjunct to their business, something to order and leave with the printer for completion? And yet it is far more than that. Printer's ink has revolutionized every business under the sun and is playing as big a part in the war as any other force. Take this into consideration when next you place an order and if you want it done effectively and economically, giving the best value for your outlay, leave it with

VULCAN ALBERTA

REJ. TRIANGLE FUND \$1450.00

While Vulcan fell below its quota in the Red Triangle Fund, it was not because of any real want of support or poverty of the coin, but largely because its territory was overlapped on all sides, and if the money thus collected, were credited to this district the quota would have been exceeded. There was also a laxity on the part of the headquarters, literature, and speakers being in absence. However, the cause was a good one, and people generally recognized the claim of it. A very lonely criticism came up, namely that the collectors were working on a commission. This is absolutely groundless. They gave personally as much as anybody and their service, in addition. It is about time that some of these suspicious souls got out of their shells and turned in to help in these patriotic campaigns. The same few are not kicking, but they ought to be helped out. These are days when everyone loyal to the country should realize that there is something for him or her to do, and instead of being coaxed to it, they should come forward and heartily co-operate. Credit, though not sought for, ought to be extended to the executive and the canvassers upon their achievement and the Advocate tenders the thanks of the community to Mr. P. Naismith, chairman; Mr. A. M. Trail, treasurer; Rev. A. R. Schrag, secretary; and the following canvassers, Messrs. H. W. Reeves, G. M. Whiche, Walter Mays, L. H. Stack, A. Mitchell, Ed. Synge, N. Young, J. C. MacDonald, Chas. Fitzpatrick.

About 1450 dollars were collected and this will be augmented by belated subscriptions.

"BEING A FATHER"

Somebody is always taking the joy out of life. No sooner did the minister announce that Mother's Day would be observed in the Church, than up speaks that ubiquitous wide awake father and asks what about Father's Day? Now don't be envious! If it wasn't for mother you wouldn't care about the best things in life. She keeps the tone of things up to concert pitch. But of course, father means something, however modest, and his place has its cares and its opportunities. They are worth hearing about. So go to Vulcan Church next Sunday morning and get both the credit and the programme of "Being a Father."

"A PERFECT WOMAN"

There is one common throb of the heart when the ear hears that endearing mother, so it was no surprise when the church was crowded with young and old to pay respects to Mother's Day. The Cradle Roll was read. The choir sang very tenderly the song "My Mother's Prayer." In speaking upon the subject of a "Perfect Woman" Rev. Schrag handed out some wholesome advice to the modern young woman by way of contrast with the old fashioned virtues with some of the modern frivolity and slackness of today. However, the woman that commands respect and esteem today has the same fundamental virtues of Bible times—prudence, purity, humanity and piety.

CHAMPION STALLION DIES

Philix, the champion Percheron stallion owned by Lyzell & Parr in Calgary died last Sunday night, from ulceration of the stomach.

Philix won the International championship at Chicago last year, the championship at Illinois and Minnesota State fairs and the championship at Edmonton horse fair this spring. At the Calgary horse fair Philix was far from well and not being in condition was beaten by Carnoise.

Philix was bought from Singmaster & Sons of Keota, Iowa, for \$9,000 last January. Lyzell & Parr valued him at \$12,000, however, and as they had him insured for only \$5,000 their loss is considerable.

HOW TO MAKE POTATO BUTTER

Potato butter is recommended by the British Ministry of Food as a cheap substitute for butter, being made in England at a cost of less than 10 cents per pound, as follows:

"Peel the potatoes and boil until they fall to pieces and become floury. Then rub through a fine sieve into a warmed basin 14 ounces of potatoes and add 2 ounces of butter or margarine and 1 tea-spoonful of salt. Stir until smooth and then mold into rools and keep in a cool place. To make the appearance approvable use butter coloring, and if intended to keep beyond a few days, a butter preservative should be added."

The R.N.W.M.P. have made a great recruiting record. In ten days they have recruited to unit strength. This should earn for them the right to go overseas as a unit.

JUNE 22nd IS DATE

OF REGISTRATION

The Ottawa Citizen says: "It is practically decided that Saturday, June 22, will be selected as the date for the national registration of Canada's man and woman power. Arrangements are now being perfected by the registration board and every one will be called on to give an account of his or her present occupation and what they may consider themselves qualified for in other lines."

NOTICE

In the Matter of the Enforcement of "The Motor Vehicle Act"

NOTICE is hereby given that the provisions of the Motor Vehicle Act are to be rigidly enforced. There is no defence for a person operating an unlicensed motor vehicle at this date, as immediate delivery of Automobile Number Plates may be obtained not only at the Departmental Office at Edmonton, Calgary and Lethbridge, but also from the Clerks of the Court at Peace River, Wetaskiwin, Camrose, Stettler, Red Deer, Medicine Hat, Bassano, Macleod and Taber, and from the Process Issuer at Fort Saskatchewan, Vegreville, Lloydminster, Sedgewick, Hardisty, Coronation, Vermilion, Wainwright, Oyen and Youngs town.

The Motor Vehicle Inspectors of the Department have instructed to see that the Act is strictly enforced in its entirety.

Dated at Edmonton this 11th day of April, A. D., 1918.

SYNOPSIS OF CANADIAN NORTHWEST LAND REGULATIONS

THE sole head of a family, or any male over 18 years old, who was at the commencement of the present war, and has since continued to be a British subject or a subject of an allied or neutral country, may homestead a quarter section of available Dominion Land in Manitoba, Saskatchewan or Alberta. Applicant must appear in person at Dominion Lands Agency or Sub-Agency for District. Entry by proxy may be made on certain conditions. Duties—Six months residence upon and cultivation of land in each of three years.

In certain districts a homesteader may secure an adjoining quarter section as pre-emption. Price \$3.00 per acre. Duties—Resides six months in each of three years after earning homestead patent and cultivate 60 acres extra. May obtain pre-emption patent as soon as homestead patent on certain conditions.

A settler after obtaining homestead patent, if he cannot secure a pre-emption, may take a purchased homestead in certain districts. Price \$3.00 per acre. Must reside six months in each of three years, cultivate 60 acres and erect a house worth \$300.00.

Holders of entries may count time of employment as farm labourer in Canada during 1918 as residence duties under certain conditions.

When Dominion Lands are advertised or posted for entry, returned soldiers who have served overseas and have been honorably discharged, receive one day priority in applying for entry at local Agents Office (but not Sub-Agency.) Discharge papers must be presented to Agent.

W. W. CORY, C. M. G. Deputy of the Minister of the Interior N.B.—Unauthorized publication of this advertisement will not be paid for—64388.

ARMY HOSPITALS SHOW HOW TO SAVE FATS

At the extensive base hospitals near Salonika, approximately 100,000 pounds of fats are recovered each month from dishwater and table scraps. This quantity has been easily obtained without depriving the men of their 'dripping' and suit, and is sufficient to produce about 80,000 lbs. of hard soap, 20,000 pounds of soft soap, as well as considerable quantities of dubbing glycerine for the manufacture of ammunition.

This fat is obtained from the following sources:

- (1) All the bits of bacon rind and other fats that are left at table.
- (2) The skimming from stew.
- (3) Grease from boiled bacon or ham and fat from pans in which onions, tomatoes or eggs have been fried.
- (4) Bully beef tins.
- (5) Bones, especially marrow bones.
- (6) Grease from dish water.

The grease from the dishwater is recovered by means of a simply constructed box trap placed near the wash sink. All animal fats are carefully rendered in large caldrons to prepare them for the uses to which they are to be put.

Such materials should be conserved in Canada. They are of great importance and the waste in large hotels and restaurants is very considerable.

DO YOU WANT BREAKING DONE

If you want your land broken and can not make your own arrangements kindly notify A. E. Qually, Board of Trade Building, who has been appointed by the Provincial Government to bring together those who have engines or horses and can contract for breaking with those who have breaking to let in the following territory: Little Bow, Taber, Warner and Lethbridge.

CAN YOU DO BREAKING

If you are in a position to do breaking get in touch with Mr. Qually, who has, as stated above, been sent here by the Government to tell you of those who have breaking for you to do.

BOARD OF TRADE BUILDING
41-8 Lethbridge, Phone 1603

STEAD'S BOOK BEING PUBLISHED BY MUSSON CO.

Western people will be interested to know that "The Homesteaders" a novel written a couple years ago by R. J. C. Stead, and which has been out of print for some time owing to the impossibility of securing copies from Great Britain, is to be immediately reprinted in Canada and will be available within a few weeks.

The success of the book in foreign markets has led a Canadian publishing house, The Musson Book Co., of Toronto, to undertake the republication for the Canadian trade. The book is now being printed in the east. It will be adorned with a new cover in colors drawn by Arthur Heming the ex-N.W.M.P. man, who in recent years has come rapidly to the front and is one of the leading illustrators of western subjects. Mr. Heming has also been engaged to illustrate Mr. Stead's new novel, "The Cow Puncher," which will be published in October.

A DECLARATION

I am the first and last of all industry.

I feed the world.
I water the world.
I clothe the world.
I house the world.

The birds of the air, the beasts of the forest, the fish of the sea, the flowers of the fields, all are mine.

Without my mines, quarries, forests and fields, there would be nothing to sell and no one to buy.

I provide for more people than all the other industries of the world.

Without me there could be no labor; there could be no capital.

The butcher, the grocer, the baker, the merchant, all look to me for their supplies.

The wool broker, the cotton broker and the grain broker would have no business but for me.

Not a spindle would turn, not a mill would grind—not a furnace would blast, were it not for me.

Armies can be no stronger than my provisions make them.

I am the industry that never fails to declare and pay a goodly dividend.

From my materials are produced the colleges, the books, and the prints.

I make possible the art of the world.

My playgrounds make possible the sports of the world.

I make the health and strength of the world.

I am the one hospital in which all men are equal.

It is to me the brain-fagged, turn when they want the relief they must have from the battle cry of life.

I sustain all life. The mother gathers from me the nourishment for her babe.

The old plead for my herbs to prolong life.

And at last, the dead come to me for the eternal rest.

I am AGRICULTURE.

—From Agricultural Advertiser.

BUY YOUR WINTER EGGS IN MAY AND JUNE

Eggs laid in April, May and June keep better than those laid later in the season. If properly treated, they will keep in perfect condition from eight to twelve months. The eggs are to be boiled, the larger end should be pierced with a needle point before putting them in the boiling water.

The eggs, to begin with, must be fresh and clean, not washed clean, but laid clean. If the shell of an egg is not clean, use it at once. If there is a spot of soil on the shell, the water glass does not come in contact with the shell and an egg will decay.

A quart of water glass in a five-gallon crock or agate-ware container will suffice for 15 dozen eggs. Clean the crock thoroughly, scald till hot, wipe dry and stand in the sun, if convenient.

Boil 9 quarts of water, allow it to cool thoroughly, then add the water glass and stir well in the crock. Stand the crock in a cool, dry place and do not move unnecessarily after the eggs are packed. Put the eggs loosely, but carefully, in the solution, leaving a depth of two inches or more over the

WASH SUITS

If you have not seen our Fancy Wash Suits make it a point to do so. They include a variety of colours and fancy stripes. Fancy Summer voile dresses in yellow, pink, brown and fancy plaids at prices to suit.

Mens Neckwear in all new fancy colour designs.

Buck & Howson

top layer of eggs. Tie heavy oiled paper over the crock to prevent evaporation. For more than 15 dozen eggs two crocks are preferable to one large one. After using the water glass once, it must be thrown away. If water glass is too expensive or is unobtainable, add 3 pounds of un-slacked lime to 5 gallons of water. After the lime has dissolved and settled, carefully dip off the clear water and pour over the eggs as with water-glass.

Do not pour the water glass or lime water over the eggs till it has thoroughly cooled.

SOUTHERN ALBERTA FAIR AND STAMPEDE

Of special interest to Southern Alberta breeders will come the announcement of the dates of the Southern Alberta amalgamated Fair and Stampede which will be found in another column.

This fair which will be held in Lethbridge, July 22nd to 27th is a consolidation of the fairs held in Lethbridge, Raymond, Magrath and Cardston, and promises to be the biggest event of its kind ever held in Southern Alberta. The Raymond, Magrath and Cardston Agricultural Societies have abandoned their fairs for 1918, and are bending all their energies to bring in the amalgamated fair to a successful issue.

The prize list is now ready for mailing, and provides liberal classes for live stock and poultry as well as for field crops, dairy products, arts and crafts, etc.

A special department has been created for boys and girls from nine to seventeen years of age, and classes have been provided for foals, calves, ponies, pigs and poultry as well as for needlework, school work, gardening, etc. In all classes for live stock exhibited girls and boys, the entries must have been cared for between May 15th to the date of shipment to the

exhibition by the exhibitor who also must personally exhibit their entries in the show ring.

A copy of the prize list will be mailed on application to the Manager of the Fair, Lethbridge.

POSTMASTERS SALARIES

Almost every kind of employee except those employed by the government, get an increase in pay these days. The postoffice department employees, particularly, need a reorganization and increased salaries. The pay of rural postmasters is hopelessly inadequate, almost a joke, in fact. The services rendered are worth money and should be paid for.

BLACKIE NEWS

Mr. W. H. Brandford has gone to Kew, Alberta, for the summer.

A. H. Eby is having a fine new barn and stable erected in his farm east of here. The building is 32 x 40 in size and is substantially constructed.

The value of a flowing well on a persons property is almost beyond estimation. W. H. Farrell has one on his farm secured at a depth of about 175 feet. There is a splendid flow, sufficient for all needs of his ever increasing herd of cattle, horses and pigs, and for gardening and house purposes. Mr. Farrell has a Minne tractor which is giving him good satisfaction. Its speed is from 2½ to 3½ miles an hour pulling a three gang plow and harrow.

J. Cassidy who recently built a fine stable on his farm is having the building painted. An application of Sherwin-Williams paint on farm buildings does more to enhance the appearance of the countryside than anything else.

Blackie shipment of live stock has been very large the past month.

See Stanley Harrow about your hail insurance. He represents the best companies and is entitled to your patronage.

The dust, like the poor, is always with us these days.

MILK IN THE HOG RATION

In order to raise and finish all the extra pigs that will be farrowed in Canada this year as a result of the campaign for increased production, it will be necessary to exercise the utmost economy in the use of concentrated foods. Pigs raisers who have access to dairy by-products have a great advantage over others. Experiments have proven that when meal is worth \$40 a ton, milk is worth more than \$8 for an equal weight, that is, provided it is fed economically. Experiments carried on at the Dominion Experimental Farms and Stations show that for growing hogs, 60 lbs. and over, 400 lbs. of skim milk produced results equal to 100 lbs. of mixed meal. Buttermilk fed fresh is equal to skim milk. Whey is not so valuable. One hundred pounds of whey was proved equal to 19.2 lbs. of milk, that is, provided it is fed in not too large quantities and before it has soured.

A study of experiments with skim milk show that for young pigs 1 lb. of milk fed with 2½ or 3 lbs. of meal gives best results. For larger hogs less milk may be used. For hogs over 100 lbs. in weight not more than 5 lbs. of skim milk daily should be fed in order to get the greatest value from the milk.

At the Nova Scotia Agricultural College it was shown that the best gains were made by feeding a lot of pig ration composed of 148 lbs. of grain, 900 lbs. of skim milk, and 110 lbs. of mangels. At the Ontario Agricultural College the best results were obtained where the proportions of milk to meal was 2.5 to 1. In one trial in which this proportion was used, 365 lbs. of skim milk were equal to 100 lbs. of meal. This agrees fairly closely with the result obtained at the Ottawa and Branch Farms.

In a series of articles that appear in the May number of The Agricultural Gazette, both the Ottawa and Guelph authorities agree that it does not do to change the diet from sweet to sour milk. For young pigs the sweet milk is much to be preferred. For larger pigs it seems to make little difference whether or not it is fed sweet or sour, provided whatever condition favoured is uniformly kept up, that is to say, if the milk cannot be obtained always sweet, then it should be fed sour as a rule.

MAKE EVERY CHICKEN COUNT

The aim this year should be to make everything count. Make every hen lay her best, make every chick mature early enough and thereby make every pound of feed give the maximum returns.

Early hatching. Make every effort to get your chicks out this spring before the first of June. As a rule the heavier breeds hatched later than that date are not satisfactory. At least 90 per cent of the pullets in Canada were not laying during November and December of the past winter, because they were hatched too late.

A little sand or grit first. When the chicks are removed to their brooding quarters there should be some coarse sand or fine chick grit scattered where they can have free access to it. They should be left until they show positively signs of hunger, which would be between the second and third days after hatching. They may then be given some bread crumbs that have been very slightly moistened with milk, this may be scattered on clean sand or chick grit. If being brooded by a hen she will see that no food is allowed to lie around, but if in a brooder, that part of the food that the chicks do not pick up in a few minutes should be removed, as nothing in feeding causes so much trouble as leaving food of that nature around until it is sour.

Feed for the first ten or twelve days. The following daily ration of five feeds given about two hours and a half apart and continued from the time the chicks are two to three days out of the shell until ten or twelve days of age may be altered or adopted to suit conditions:

First feed.—Dry bread crumbs slightly moistened with milk.
Second feed.—Finely cracked mixed grains or commercial chick feed.
Third feed.—Rolled oats.
Fourth feed.—Dry bread crumbs moistened with milk.
Fifth feed.—Finely cracked mixed grains.

In addition to the above give the chicks a little green food, such as grass, lettuce, sprouted oats, etc. Do not have the moistened bread sloppy but in a crumbly state, and during this period let the chicks on to fresh soil or grass every day if possible.

The rain still holds off. But there is promise of a shower some of these days if we are to judge by the ever assembling clouds in the sky. Now if we were celebrating on May 24th, it would rain then.

CHEVROLET NEWS

Motor Car Designing The Engineer's Responsibility

"To design a car that will be satisfactory is a task of no mean order" says J. Wolfe, local Chevrolet motor car dealer. "And when that car has to be sold to a hundred thousand or more different people scattered the world over, it makes the job all the more exciting and particular.

"The automobile engineer has a good many things to think of in his preliminary work. He must build a car that will sell, that will be talked about favourably. It must make good. In the design, it must represent the best thoughts and ideas and the material specified must meet every requirement.

"In designing the chassis, there must be true relationship between motor and clutch, between clutch and transmission, and between that and the driving unit. There must be balance everywhere. Too much power is not desired, nor too little. But there must be enough.

"Weight is next in importance. A car that is too light is dangerous on the road. A car that is too heavy is a burden in the matter of expense. In this respect the happy medium is desired. We know that maintenance expense depends a good deal on weight. The motor does all the work. It takes more gasoline to drive three thousand pounds than two thousand. In addition, medium weight insures longer life to tires. Weight has so much to do with the expense of keeping a car that the careful engineer never loses sight of this feature.

"The automobile of today must be simple in construction, and the methods employed in building it must be thorough. These two things are absolutely essential.

"Durability is a quality that builders incorporate in their cars through careful work, and by the scientific efforts of their engineers."

MAIL CONTRACT

SEALED TENDERS, addressed to the Postmaster General, will be received at Ottawa until noon, on Friday, the 21st June, 1918, for the conveying of His Majesty's Mails, on a proposed Contract for four years, twice per week on the Vulcan Rural Route No. 1, from the Postmaster General's pleasure.

Printed notices containing further information as to conditions of proposed Contract may be seen and blank forms of Tenders may be obtained at the Post Office of Vulcan, and at the office of the Post Office Inspector.

Post Office Inspector's office, Calgary 10th May, 1918. D. A. BRUCE, Post Office Inspector.

VILLAGE OF VULCAN NOTICE RE POUND BY-LAW

Public Notice is hereby given that there has been introduced in the council of the Village of Vulcan, Alberta, a Bylaw, of which the following is a short synopsis:

No animal, hog or poultry, will be allowed to run at large within the limits of the village, excepting milch cows whose product is used for consumption in the village. These will be allowed to run between the hours of 7 a. m. and 7 p. m. A copy of the Bylaw may be seen at the office of the secretary-treasurer. And further, that unless within thirty (30) days of the publication of this notice at least ten (10) resident electors of the village petition the council to submit such bylaw to vote of resident electors of the village the council will proceed to pass the same.

A. J. FLOOD, Secretary-treasurer to the council of the village of Vulcan, Alberta 41-4

BUFFALO HILL NEWS

On account of the open spring cropping is well night completed for this year. Many farmers have large acreage in crop.

Mr. H. Goldthorpe, who was staying on the Quinton place putting in the crop, has now returned home. He seems rather depressed since. What is the trouble?

The storms which take place these days can be summed up in two words 'Some dust.'

Mr. T. T. Lyons the new broncho buster, has been seen riding a mustang around the hills.

As usual, the dance which took place at Sunset valley on May 10th was well attended.

Mr. J. W. Morrison has a kettle drum now, so any tin pan music that is heard may safely be blamed on him.

Mr. R. Hudson should be congratulated on the magnificent house which he has erected. The inquisitive ones are trying hard to find out who it is for.

Miss Mabel and Master Paul Jones tied for wardenship of the Lord Nelson shield on the Buffalo school last month.

Miss Constance McFarland, who has been attending the Edmonton University, is now at home.

What is the matter with our Eastway friend? We hear no more from him. Probably his mind is concentrated on something more fascinating than literature.

Mr. R. Meehan of DeWinton drove a large herd of cattle down last week. He is intending to pasture them in this district.

Miss K. Meehan of DeWinton is spending a few days with Miss P. Percy at Mr. T. Meehan's.

Many farmers are getting pessimistic concerning the dry breezes which are sweeping the Hills.

J. W. Morrison has lost a saddle horse somewhere.

LADIES AID AT MOHAWK CROSS-ROADS

For a real lively sketch of wit, humor and satire on the old time foibles and antics of dear busy Ladies Aid, we commend the presentation at the Opera House on Wednesday, May 22nd. This entertainment will be put on by our own ladies. They will be dressed in ye old time fashions and will sing and recite and gossip to the merriment of the crowd.

The past support that has been given to these playlets of the excellent home talent augurs well for a crowded house on May 22nd. In order to overcome the crash and to secure seating, an innovation is planned; those who buy tickets will have the hall reserved for a set time and the doors thrown open at the usual hour.

The following is the cast and you are invited to pick your favourites, but we warn you beforehand that they are all so excellent as to deprecate any invidious distinctions. The ladies of the Church most cordially bespeak your attendance.

Mrs. Smith, pres. Ladies Aid, Mrs. Jennejohn.

Mrs. Kindly, Mrs. W. H. Grant

Mrs. DeDoyd Fitz Hammond, Mrs. Dr. Knowles.

Mrs. Grag, Mrs. Dickinson

Mrs. Day, Mrs. Mitchell

Miss Harpe, Miss Ferguson

Mrs. Jones, Mrs. LeBow

Mrs. Harris, Mrs. Hall

Mrs. Bruce, Mrs. Henry

Mrs. Green (hostess) Miss Peace

Mrs. Kane, Mrs. Schenck

Mrs. Wise, Mrs. Buck

Mrs. Hoyt, Miss Lawrence

Mrs. Lowell, Miss Leverington

Mrs. Crowler, Mrs. Vanskiver

Mrs. Brown, Mrs. A. M. Trail

Mrs. Dale, Miss Thomas

Mrs. Henderson, Mrs. Cooke

Mrs. Black, Mrs. Robbie

Mrs. Scott, Mrs. Crosby

Mrs. Roberts, Mrs. Allen

Mrs. White, Mrs. Farrand

The play ends with an interesting concert.

Consolidated Meeting

Meetings to consider the question of a consolidated school in Vulcan are being held this week. Today they are being held in the Ensign district. Tomorrow meetings will be held in Vulcan at the L.O.O.F. hall; at four o'clock for Vulcan ratepayers and at eight o'clock for the ratepayers of Thigh Hill and the unorganized districts. On Friday meetings will be held at Harvey at four o'clock and at Kirkcaldy at eight o'clock. A representative from the provincial department of education will address each meeting, and the matter can be discussed by those present.
